# ANNUAL REPORT

## 2018

---

WELFARE ASSOCIATION JARED (WAJ)  
Village PO Jared Tehsil Balakot District Mansehra

## **Preface (by President WAJ)**

In 2018 we look to a new sustainable development agenda for people's capacity building in Non Timber Forest Products (NTFP) including honey bee training to local community in Kaghan Valley Tehsil Balakot District Mansehra, with gender equality, human rights and environment at its heart.

In everything we do, we recognize that success is founded on partnership. During the reporting period WAJ got membership of renowned networks in Pakistan, e.g. National Humanitarian Network (NHN) and Sun CSA Pakistan. WAJ also developed partnership linkages with Penny Appeal Pakistan (PAP), Trust for Democratic education & Accountability (TDEA) and Free & Fair election Network (FAFN) Pakistan. Executive Director WAJ elected unopposed on Executive Council Seat for KP FAFEN.

WAJ successfully implemented TDEA funded project on election observation in Oct, 2018. WAJ contributed in governance of Pakistan by doing pre-election, election-day and post-election monitoring in one constituency of district Battagram during election 2018.

Like previous year, WAJ started campaign on 16-days end violence against women and also celebrated its success where KP government passed bill on domestic violence.

To support present government green & clean Pakistan, WAJ started plantation campaign in district Haripur during monsoon season and planted

## **WAJ Introduction**

**Welfare Association Jared (WAJ)** emerged in 1988 as non-profit and non-governmental rights based development organization to. From 1988 to 1993 WAJ remained an advocacy-oriented CBO focusing on environmental issues, particularly deforestation in Kaghan Valley. WAJ, with the support of Sungi Development Foundation mobilized a network of civil society activists to launch campaigns related to change in forest laws in KPK (the then NWFP) and ban on forest cooperative societies. Sarhad Awami Forestry Ittehad (SAFI) was formed as a result of joint efforts of NGOs/CBOs in KPK.

The devastating floods of 1992 brought WAJ into direct contact with local communities as it mobilized emergency relief work in the area. Their increased contact with local communities brought out the demand for environment friendly and sustained development support. At the same time, the organization realized that a number of human factors were responsible for aggravating the devastation of flooding, particularly poor natural resource management. WAJ established networks of village organization (VOs) of both men and women, first time in the history of area. A supreme council comprised of local elders and ex-councillors was formed to guide WAJ in local political matters.

WAJ played very effective role in Local Government (LG) election 2001 and 2005 and motivated women take part in LG election as contestant and voters first time. With the assistance of TVO, CIDA, BHC, FNF, UNDP and other donors, WAJ with the support of Sungi implemented an integrated Community Support Program, while sustaining its policy of advocacy initiatives. By 1997, WAJ had gained sufficient experience in community development and policy advocacy. The organization enjoyed respect and confidence of the civil society.

## 1. Penny Appeal Food Distribution project (Ramadan)

The project “Distribution of Food parcels among deserving families” was implemented in Union Council Mohandri Jared Kaghan Valley of District Mansehra KPK. The UC is located in a far-flung poor area of district Mansehra, at 43 kilometer distance from tehsil Balakot. The target community under this project is most vulnerable segment of society. This population is a combination of various miseries and the major cause of their poverty is geographical proximity, lack of resources/assets, and lack of employable skills. Major population of the area has very fragile livelihood, depends on very small landholding, unable to produce food for hardly 6-month. People live under poverty line and majority are unskilled. The major source of income of the whole population is livestock. Migration of communities to nearby cities and Karachi is very common here, residents of the area move according to the weather conditions.

Although the area is scenic and attracts tourists every year from across the board and other countries but due to traditional politics, developmental projects had not been a priority of government for this area. Infrastructure is substandard or damaged due to earthquake 2005 and flood 2010. Socio-economic conditions are very poor. Average family size 7.5 person per family. Under this project, 191 deserving families were served as per set criteria.

Welfare Association Jared (WAJ), being the local origin form same area has vast networks of volunteers. WAJ assessed the poverty in 10 far-flung localities of UC Mohandir Jared. The forms were reviewed and re-verified by two neutral activists from same area (who were not the part of initial assessment).

Keeping in view the given timeline, WAJ started the process of procurement and field assessment simultaneously. Procurement process was started as per WAJ procurement policy. The Procurement committee comprised of (Project Manager, Finance & Admin Manager and logistic Officer) was formed prior to procurement process. The received quotations were opened and evaluated by the Procurement Committee and purchase order was issued to selected vendors for timely preparation of food packages. Goods Receiving Note (GRN) was signed by the Procurement committee after verification of goods according to agreed samples.

After selection and verification of deserving people, WAJ issued tokens among the deserving families through its activists two days prior to the distribution. WAJ team with support of its staff and volunteers selected the distribution point and share with the donors and beneficiaries to reach there along with their original Computerized National Identity Cards.

191 Food packages were distributed among the deserving families on June 10, 2018. WAJ Executive Director Along with its senior Management team and Penny representative were present

at the distribution point. The selected persons received food packs. They signed/put thumb impression on attendance sheet Means of Verification (MOVs). Proper record of the event is prepared to be shared with Penny.

WAJ is grateful to Penny appeal Pakistan for their generous support to 191 deserving families at the occasion of Eid-ul-Fitar. This really bring back smile and happiness on the faces of 1433 person.

### **Objective:**

- To ensure food security of 191 deserving families in the month of Holly Ramadan to celebrate the real essence of Eid-ul-Fitar

After selection and verification of deserving family as per criteria set by Penny Appeal Pakistan, token were distributed among the families' two-days prior to the distribution of food packages. WAJ started procurement process as per WAJ procurement policy soon after signing the project. The Procurement committee comprised of (Project Manager, Finance & Admin Manager, and logistic Officer) was formed prior to procurement process. They paid visit to market in Abbottabad, Mansehra and Jared and received quotations from three vendors. The quotations were opened and evaluated by the Procurement Committee and samples were collected for each product.

WAJ issued purchase orders to the selected vender. Goods Receiving Note (GRN) signed by the Procurement committee after verification of goods according to agreed samples.

The received food packs distributed among beneficiaries and signed/thumb impression was taken from beneficiaries as Means of Verification (MOVs). Proper record was prepared of (191) families who received food packs and will be shared with the donor along with this progress report.

### Monitoring and Sustainability

WAJ keep vigilant eyes on whole process right from procurement, selection of vendors, ensuring quality food as per Penny's guidelines. Checked the food packs randomly by opening the packed cottons prior to and during the distribution in front of Penny's representative.

Although this was food distribution that some time create dependency syndrome among the beneficiaries when mishandled however due to our prior experience in food distribution during

flood 1992, earthquake 2005, we manage the distribution in a dignified manner way not to raise the expectation of the people as recipient only.

## **Plantation Campaign Haripur:**

**2-days campaign in UC Rehana district Haripur and planted 1200 plants**

## **2. ILM POSSIBLE (FAFEN)**

The British Council is delivering the ILMPOSSIBLE Take a Child to School (TACS) which first phase was launched in January 2014 and worked to enroll 189,000 Out-of-School Children OOSC into primary schools across 63 districts in Pakistan. TACS is run in partnership with the Educate a Child Programme Qatar on matching funding model. Under Phase II British Council and consortium partners aim to scale up the retention and monitoring of the original 189,000 enrolled children through the primary cycle up to transition into secondary schools plus the enrollment of an additional 200,000 out of school children (aged 5 to 11 years) across 70 districts in Pakistan by December 2019, with a ratio of 40% girls and 60% boys. It will engage community stakeholders through 20,000 youth volunteers/ilmbassadors and 500 mohalla committees (old plus 250 new) and an increment of 400 schools for its DOSTI (Life Skills & Supports Engagement) programme. The project will accomplish these results using an approach that engages all education stakeholders to ensure children enroll in school, stay in school and learn while there as more fully described in the project proposal.

**FINANCIAL STATEMENTS  
FOR THE YEAR ENDED  
JUNE 30, 2018**

### AUDITORS' REPORT TO THE MANAGEMENT

#### Opinion

We have audited the financial statements of "WELFARE ASSOCIATION JARED (WAJ)", (the society) which comprise the statement of financial position as at June 30, 2018, the income and expenditure account, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and Fair view of) the financial position of "WELFARE ASSOCIATION JARED (WAJ)", as at June 30, 2018 and of its financial performance and its cash flows for the year then ended in accordance with approved and reporting standards as applicable in Pakistan.

#### Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the society in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with approved and reporting standards as applicable in Pakistan, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Board of Directors is responsible for assessing the society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the society's financial reporting process. *SMM/SLD*

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statement.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

*SMM/CO*

CHARTERED ACCOUNTANTS

However, future events or conditions may cause the society to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements ,including the disclosures, and whether the financial statements represent the underlying transactions and events in a matter that achieves presentation

We communicate with those charged with governors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. *CMMB*

**3.2 Property, plant and equipment**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Cost comprises acquisition and other directly attributable cost. Depreciation is calculated using diminishing balance method at the rates specified in note 4.

Depreciation is charged in the month of acquisition while no depreciation is charged in the month of disposal.

Renewals and replacements are recognized in the carrying amount of the property and equipment if it is probable that future embodied economic benefits will flow to (WAJ). Other maintenance and repairs are charged to the income and expenditure account. Gain or loss on disposal is taken to the income and expenditure account.

**3.3 Impairment**

The carrying amounts of (WAJ) assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount of such asset is estimated.

The recoverable amount of an asset or a cash generating unit is the greater of its value in use and its fair value less cost to sell. An impairment loss is recognized if the carrying amount of an asset or a cash generating unit exceeds its estimated recoverable amount. Impairment losses / reversal of impairment losses are recognized in the income and expenditure account.

**3.4 Grant for revenue expenditure**

Amounts received for ongoing administrative expenses are recognized as restricted and unrestricted fund. An amount equivalent to the expenses incurred during the period is transferred to income and expenditure account and the remaining unspent amount is included in the restricted fund balance.

**3.5 Funds received**

(WAJ) normally receives funds from Donor's via bank. Exceptions are received as per terms and conditions specified by the donor.

**3.6 Cash and cash equivalents**

Cash and cash equivalents comprise of cash in hand and cash at bank.

**3.7 Creditors and other liabilities**

Creditors and other liabilities are carried at amortized cost which is the fair value of the consideration to be paid in future for goods and services received.

**3.8 Provisions**

Provisions are recognized in the balance sheet when (WAJ) has a present legal or constructive obligation as a result of past events, it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made.

**3.9 Offsetting financial assets and liabilities**

A financial asset and financial liability is offset and the net amount is reported in the balance sheet if (WAJ) has a legal enforceable right to set-off the recognized amounts and intends to settle on a net basis or to realize the asset and settle the liability simultaneously.

**3.10 Taxation**

As (WAJ) is working as a non profit organization and all receipts are from its donors to meet the running expenses.

**3.11 Receivables**

Receivables are carried at cost less provision for impairment, if any. Known impaired receivables are written off, while debts considered doubtful of recovery are fully provided for.
